

Clackamas Soil and Water Conservation District

June 17, 2020

General Manager Position Announcement

The Clackamas Soil and Water Conservation District seeks an experienced General Manager to serve as the chief executive officer of the District. This position acts on behalf of the District Board of Directors and represents the District to public and private customers and partner organizations.

The General Manager provides overall leadership for personnel, technical and program planning, finances, public outreach, project management, and implementation. The successful applicant must be a highly motivated self-starter with demonstrated ability to successfully lead a productive and talented team.

If you have a bachelor degree in an appropriate field of study (see the job description) and five years of management experience within a natural resource organization, agency, or business (or ten years of comparable management experience within a natural resource organization, agency, or business), please consider applying for this position. Additional required qualifications will be found in the job description.

Clackamas Soil and Water Conservation District is a regional leader in conserving natural resources in Oregon and offers a competitive wage schedule and excellent benefits package. The District is an Equal Opportunity Employer.

A full position description and application form are available at <https://conservationdistrict.org>. We will accept electronic or regular mailed submissions only. No faxes will be accepted. A complete application packet will include a cover letter, resume, and complete application form. This position is open until filled. Applications will be evaluated every two weeks.
